

Quality Policy

We are **DWK Life Sciences**. We endeavor through *our people* and *our actions* to operate our business globally in a manner that represents the highest standards for quality, safety, ethical conduct, legal compliance and the preservation of our environment and natural resources.

We will foster a company culture of performance excellence by which we *meet and exceed customer expectations* for quality, performance and safety and satisfy all applicable requirements. Through implementation and adherence to *quality systems* and *safety and environmental practices* appropriate to each aspect of our business, we will strive for *continuous improvement*.

Our commitment to quality is the foundation of our mission:

We earn the trust of our customers by facilitating improvements in their processes and enabling better results.

We encourage creativity and innovation so we can offer our customers new and better solutions for their needs.

We empower our people to pursue ambitious goals by constantly improving our products and processes.

We strive for excellence in everything we do.

Throughout our global operations, DWK is committed to our company values:

Passion

We are ambitious and motivated to achieve the best results.

Precision

We create high quality products that are precise and error-free.

Creativity

We seek to find innovative solutions for our customers.

Trust

We always behave as trustworthy and reliable partners.
